5<sup>th</sup> March 2015

Dear Parents and Carers,

## MATHS CALCULATION EVENING

As you may be aware, the national curriculum for primary schools changed in September 2014. In Mathematics, there have been many key changes, including new concepts such as fractions being introduced at an earlier age.

We appreciate how keen parents are to help their children succeed with their Maths at home, but are also aware that you may not always be familiar with the methods that are being taught in school.

**Therefore, we will be holding a maths calculation evening for all parents (Reception to Year 6) on Thursday 19<sup>th</sup> March.** During the session, we will explain in detail the new Mathematics curriculum, how we teach mathematical methods (such as multiplication), and will also provide suggestions of how to help your child at home.

**To enable as many parents as possible to attend, we will be offering two sessions at 3.30pm and 6.30pm.** We would be most grateful if you return the slip below to confirm your attendance at one of the sessions.

Yours sincerely,

**Mrs M Baker**  
Deputy Head
