Dear Parents and Carers,

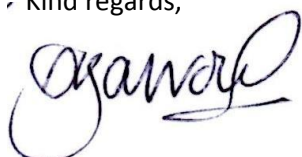

YEAR 6 OPPORTUNITY: SPACE, ROCKET AND ROBOTICS ACTIVITY AT KENILWORTH SCHOOL

Kenilworth School would like to offer the opportunity for your child to take part in a Space, Rocket and Robotics-based activity next half term. Students from Kenilworth School who attend the Space, Rocket and Robotics Club will work with groups of children from the Kenilworth primary schools.

The activities will include designing, building and firing a plastic bottle rocket, and finding a method to protect an egg on re-entry. All materials will be provided by Kenilworth School at no cost to parents. The activities will take place after school on Wednesday 23rd November starting at 3.45pm and will run for an hour and a half, finishing at 5.15pm. Kenilworth School will arrange for your child to be collected from St John's by coach, but have asked that your child be collected from Kenilworth School at 5.15pm.

If you would like your child to take part in this activity, please complete the reply slip below and return **no later than Wednesday 2nd November**. Once final numbers have been established, further information will follow.

Kind regards,

Mr D Barrow
Head Teacher
