

# Nursery Learning Web

## Our Theme is Changing Seasons

### Communication and Literacy

We will be learning to speak to and listen to others in small groups and as a whole class. We will also be listening to and playing with sounds.

### Literacy

We will be using books and story baskets to listen to and join in with stories. We will also be using writing and drawing tools to develop our mark-making and emergent writing skills.

### Personal, Social and Emotional Development

Through our daily activities, games and routines, we will be learning to work together and help each other.

### Maths

We will be using our topic resources to develop our counting and sorting skills and our shape recognition skills.

### Physical Development

We will be keeping warm outdoors with active learning in our games and tasks! We will also be using small tools and mark-making tools to develop our drawing and writing skills.

### Understanding the World

In our role-play, group activities and imaginative play, we will be learning about changing seasons and the environment around us.

### Expressive Arts and Design

We will be exploring and using a wide range of media and materials to create works of art based on our topic. We will also be using props and resources to support and enhance our imaginative play.
